

**5G Business Internet Plans**

Corporate Subscribers Only

These plans are not eligible for monthly access fee discounts.

<b>Monthly Access Fee*</b>	\$69.00	\$99.00
<b>Speed Tier Limit (Up to)</b>	100 Mbps	200 Mbps
*The monthly access fee will be pro-rated when changing price plans during a billing cycle.		

**Notes:** These plans are restricted to the Verizon Wireless 5G Ultra-Wide Band network (domestic and international roaming are not available). Please see your Verizon Wireless representative for coverage support.

- (1) Speed Tier Limit represent the maximum downlink speed but may be lower in the event of network congestion. Uplink speeds may be lower than downlink speeds.
- (2) The 5G Business Internet Plans for Ultra-Wide Band self-setup service ("Service") provides Customer with access to the Verizon Wireless network. Unless Customer provides its own receiver/router subject to the terms below, Service will include a self-install 5G receiver/router provided by Verizon Wireless or Customer may use a Customer-provided 5G receiver/router subject to the terms below. Customer will use the 5G receiver/router to connect to the Verizon Wireless network. Customer is responsible for following the setup and activation instructions included with any 5G receiver/router provided by Verizon Wireless.
- (3) Compatible 5G-enabled receiver/router required, either Verizon-provided or Customer-provided. If Customer supplies its own receiver/router, Customer is responsible for (i) ensuring that such receiver/router is compatible for use with 5G Business Internet; and (ii) any necessary installation or connection to the Verizon network. Customer should contact Customer's account representative to determine if a Customer-provided receiver/router is compatible.
- (4) If Customer purchases a Verizon Wireless-provided 5G receiver/router for which Customer receives a corresponding credit from Verizon Wireless, Customer agrees to maintain Service for at least 180 days following activation of the Service, with the understanding that if Customer terminates the Service within such 180 days, Customer must return the 5G receiver/router to Verizon Wireless. Upon such termination, Verizon Wireless will provide Customer with a prepaid return label and packing box. Customer must return the 5G receiver/router within 30 days of receiving the prepaid return label and packing box. The 5G receiver/router being returned must be in good condition (subject to reasonable wear and tear). If Customer fails to return the 5G receiver/router within such 30 day period or the returned 5G receiver/router is not in good condition, Verizon Wireless reserves the right at any time thereafter to charge Customer's account the cost of the 5G receiver/router. This section (4) shall not apply to customers who purchase a 5G receiver/router pursuant to a separate device payment plan agreement or otherwise pays up front for such device without the application of a corresponding credit from Verizon Wireless.
- (5) If Customer returns the 5G receiver/router to Verizon Wireless, Customer acknowledges and agrees that returning such equipment does not automatically disconnect the service. For complete information on returns and Service disconnection, please see <https://b2b.verizonwireless.com/content/my-business-portal/support/howtoguides/device-return-policy.html>
- (6) These plans are fixed location plans. Customer agrees to only use the Service at the qualified service address that Verizon Wireless approved at the time the Service was activated.
- (7) If Customer uses the Service outside of the qualified service address without the specific written approval of Verizon Wireless, Verizon Wireless reserves the right to terminate the Service at any time thereafter upon written notice.
- (8) These plans are for corporate liable business customers. Customer should contact Customer's account representative for details.
- (9) In order to protect its network, operations, and other customers, Verizon Wireless may suspend or terminate service to affected lines with prior written notice, deny activation of new lines or, upon Legal Notice, may terminate this Service, if you use the Wireless Service or Devices (a) in an illegal or improper manner (including "spamming" or other abusive messaging or calling); (b) in a manner prohibited by these terms; or (c) in a manner that, in Verizon Wireless' sole discretion, has an adverse impact on its network, operations or customers.

- (10) If Customer has a written agreement with Verizon Wireless that includes terms for 5G Business Internet Plans for Ultra-Wide Band self-setup service, any such terms shall take precedence over these terms in the event of a conflict.
